A teacher, vice principal, principal or any other certificated employee of a school district, shall not be subject to criminal prosecution or criminal penalties for the exercise, during the performance of his duties, of the same degree or physical control over a pupil that a parent would be legally privileged to exercise but which in no event shall exceed the amount of physical control reasonably necessary to maintain order, protect property, or protect the health and safety of pupils, or to maintain proper and appropriate conditions conducive to learning.

EC § 44810 – Parental Interference with Classroom Conduct: It is prohibited for any person over 16 years of age, including but not limited to a student’s parent or guardian, to come on school property and willfully interfere with the discipline, good order, lawful conduct, or administration of any school class or activity of the school, with the intent to disrupt, obstruct, or to inflict damage to property or bodily injury upon any person. Pregnant and parenting pupils are entitled to at least eight weeks of parental leave, which can be taken before birth of the pupil's infant if there is a medical necessity, or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The pupil is neither required to take time off nor notify their school that they are doing so; this is a guaranteed minimum right that can be expanded if deemed medically necessary. Parental leave will be considered an excused absence, and the pregnant or parenting pupil is not required to complete any academic work during this period.

A pregnant or parenting pupil may return to their previous school and course of study and is entitled to make up opportunities for any work missed during the leave. These students are allowed to enroll in a fifth year of high school in order to complete any state or local graduation requirements, except when the school finds that the pupil is reasonably able to complete these requirements in time to graduate high school by the end of their fourth year.

A pregnant or parenting pupil who does not wish to reenroll in his or her previous school is entitled to alternative education options offered by the local education agency. If so enrolled, the pupil shall be given educational programs, activities, and courses equal to those they would have been in if participating in the

regular program. Furthermore, a school may not penalize a student for using any of the accommodations mentioned above.

A school may not apply any rule concerning a pupil's actual or potential parental, familial, or marital status that treats pupils differently on the basis of sex. Pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children by establishing specified rights.

If a student believes that his or her school is discriminating on the basis of sex in opposition to the rights and entitlements listed above, that student can file a complaint through the standard Uniform Complaint Procedures of California Code of Regulations, Title 5 Sections 4600, et. seq.

This start time requirement will not apply to rural school districts.

EC § 46600 – Interdistrict Transfers: Where permitted by law and board policy, students may apply for interdistrict transfer permits under the guidelines in Education Code §§ 46600-46611 and pursuant to district policy. If a student has been a victim of an act of bullying by a student of the school district of residence, the student-victim will be given priority for interdistrict attendance.

EC § 48000 – Enrollment in Kindergarten: Students will be enrolled in kindergarten at the beginning of the school year or at any later time if the student will be five years of age on or before one of the following dates:

the governing board of the school district in which the residency of either the parent or legal guardian is located.

The teacher of any class from which a student is absent shall determine the tests and assignment which shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the student missed during the absence.

EC § 48206.3, 48207, 48208 – Students with Temporary Disabilities: If your child has a temporary disability which prevents him/her from attending regular classes, the district will provide individual instruction when possible. It is the parent's or guardian's responsibility to notify the district immediately if it appears as though their child may be eligible for such services. If your child is, due to temporary disability, placed in a hospital or other residential health care facility which is located outside the district, he/she may be eligible to attend school in the school district in which the hospital is located. If this situation should arise, you should notify both the district in which you reside and the district in which the hospital is located. Upon receiving notice from a parent or guardian that a child may be eligible for individualized instruction during a temporary disability, the district shall make a determination within five working days regarding whether the child will be able to receive individualized instruction. Individualized instruction shall commence no more than five working days after a positive determination has been made.

EC § 48216 – Proper Immunization: The school district may exclude any pupil not properly immunized and will notify the parent or guardian that they have two weeks to supply evidence that the pupil has been properly immunized or that the pupil is exempt from the immunization requirements as specified in Health Safety Code Sections 120365, 120370 and 120372.

EC § 48260.5 – Parent Notice of Student Classified as Truant: Upon initial classification as a truant, the district shall notify the student's parent or guardian using the most cost-effective method possible, which may include electronic mail or a telephone call.

EC § 48263 – Referral of Habitual Truants: Minor students who are habitual truants, or who are irregular in attendance at school, or who are habitually insubordinate or disorderly during attendance at school may be referred to a school attendance review board (SARB) or to the probation department for services.

EC § 35160.5(b) – Choosing a School Within District in Which Parent Lives: The school board of each district must establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school’s attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be “random and unbiased,” which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student’s academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a student that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

Choosing a School Outside District in Which Parent Lives: Parents have the following options for choosing a school outside the district in which they live the options are:

Option 1: Districts of Choice (EC §§48300 through 48315): The law allows, but does not require, each school district to become a “district of choice” – that is, a district that accepts transfer students from outside the district under the terms of the referenced Education Code sections. If the school board of a district decides to become a “district of choice” it must determine the number of students it is willing to accept in this category each year and accept all pupils who apply to transfer until the school district is at maximum capacity. The school district of choice shall ensure that pupils admitted under this article are selected through an unbiased process, that prohibits consideration of factors such as academic or athletic performance, physical conditions, or proficiency in English. If the district chooses not to become a “district of choice,” a parent may not request a transfer under these provisions. Other provisions of the “district of choice” option include:

- Either the district a student would transfer to or the district a student would transfer from may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. A district of choice cannot deny a transfer request on the basis that the costs to provide services exceeds the revenue received, but it may reject a request if doing so would require the creation of a new program. However, the district of choice may not deny the transfer of any special needs student, including an individual with exceptional needs, or an English Learner student even if the cost to educate the student exceeds the revenue received or the creation of a new program is required. The district a student would be leaving may also limit the total number of students transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- Communications to parents by a school district of choice shall be factually accurate and shall not target students based upon academic ability, athletic performance, or other personal characteristics.
- The district of choice must post transfer application information on its website, including any applicable forms, the timeline for a transfer, and an explanation of the selection process.
- All communications from a school district of choice regarding transfer opportunities must be available in all languages for which translations are required in the school district of residence under EC §48985.

- No student who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a student transferring under these provisions.
- Entrance priority must be given as follows:
 - Siblings of students already attending school in the “district of choice” must be given first priority.
 - Pupils eligible for free or reduced-price meals must be given second priority.
 - Children of military personnel must be given third priority.
 - A parent may request transportation assistance within the boundaries of the “district of choice.” The district is required to provide transportation only to the extent it already does so.
 - A school district in which an active military duty parent of a student resides shall not deny the transfer of that student to a school in any district, if the school district to which the parent of the student applies approves the application for transfer

Option 2: Other Interdistrict Transfers (EC §46600 et seq.): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. Districts of residence may not deny a transfer of a student whose parent is active duty military where the district of proposed enrollment approves the application. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.

EC § 48645.3-48645.7 - Juvenile Court School Pupils- Graduation Requirements:

- 1) When a juvenile court school pupil becomes entitled to a diploma, DISTRICT shall notify the pupil, the person holding the right to make education decisions for the pupil, and the pupil’s social worker or probation officer of all of the following:
 - (A) The pupil’s right to a diploma when a pupil has met the necessary requirements.
 - (B) How taking coursework and other requirements adopted by the DISTRICT Board of Education or continuing education upon release from the juvenile detention facility will affect the pupil’s ability to gain admission to a postsecondary educational institution.
 - (C) Information about transfer opportunities available through the California Community Colleges.
 - (D) The pupil’s or the education rights holder’s, as applicable, option to allow the pupil to defer or decline the diploma and take additional coursework pursuant to sections 3 or 4 below.
- 2) If DISTRICT fails to provide timely notice that the pupil has met diploma requirements, the pupil shall be eligible for the diploma when the pupil is notified, even if the pupil is notified after termination of the court’s jurisdiction over the pupil.
- 3) If DISTRICT makes a finding that a juvenile court school pupil, who is entitled to a diploma, could benefit from the coursework and other requirements adopted by the Imperial County Office Board of Education, DISTRICT shall:
 - (A) Inform the pupil of his or her option to take coursework and other requirements adopted by the Imperial County Office Board of Education.
 - (B) Permit the pupil, upon agreement of the pupil if the pupil is over the age of 18 or, if the pupil is under 18, upon agreement of the education rights holder to take coursework or other requirements adopted by the Imperial County Office Board of Education, and to defer the granting of the diploma until the pupil is released from the juvenile detention facility.
- 4) Upon release from the juvenile education center, the pupil, or pupil’s education rights holder, may elect to decline the issuance of the diploma for the purpose of enrolling the pupil in a school operated by an

LEA or charter school to take additional coursework. If the pupil or pupil's education rights holder is deciding on whether to decline the diploma, DISTRICT should advise the pupil or the educational rights holder to consider whether the pupil is highly likely to do all of the following:

- (A) Enroll in a school operation by a LEA or charter school
 - (B) Benefit from continued instruction
 - (C) Graduate from high school
- 5) DISTRICT will grant a diploma to a pupil who is entitled to receive a diploma but has previously deferred or declined the diploma, at the pupil's or educational rights holder's request.
 - 6) If a juvenile court school pupil is entitled to a diploma, DISTRICT shall not revoke that eligibility. If a former juvenile court school pupil is entitled to a diploma, that right shall continue to apply after the termination of the court's jurisdiction over the pupil.
 - 7) A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A pupil in foster care who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency in which that licensed children's institution or foster family home is located, unless one of the following applies:

1. The pupil is entitled to remain in their school of origin;
2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 ("educational rights holder"), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the local educational agency that they have made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:
 - a. The pupil has a right to attend a regular public school in the least restrictive environment.
 - b. The alternate education program is a special education program, if applicable.
 - c. The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
 - d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the pupil in foster care in a juvenile court school, a community school, or another alternative educational setting.

A pupil in foster care may still be subject to expulsion under applicable law and board policy.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

CEP allows the nation’s highest poverty schools and districts to serve breakfast and lunch at no cost to all enrolled students without collecting household applications. WUED uses a Local Control Funding Formula (LCFF) base year for LCFF purposes and is required to collect an Alternate Household Income Form for all eligible students at least once every four years and collect income data for every newly enrolled student in the intervening years.

EC § 49701, 51225.1, 51225.2 - Children of Military Families And Other Protected Pupils: A pupil who is a “child of a military family” is defined as school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active duty member. “Active duty” means full-time status in the active uniformed service of the United States, including member of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. sections 1209 and 1211.

Children of military families who transfer between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child of a military family’s transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

1. Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the local educational agency’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil's parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of "a child of a military family."

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of "a child of a military family" while the pupil is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

Parents and guardians of pupils, including those parents and guardians whose primary language is not English, shall have the opportunity to work together in a mutually supportive and respectful partnership with schools, and to help their children succeed in school. Each governing board of a school district shall develop jointly with parents and guardians, and shall adopt, a policy that outlines the manner in which parents or guardians of pupils, school staff, and pupils may share the responsibility for continuing the intellectual, physical, emotional, and social development and well-being of pupils at each school-site.

A pupil fee is a fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, in violation of state codes and constitutional provisions which require educational activities to be provided free of charge to all pupils without regard to their families' ability or willingness to pay fees or request special waivers. Educational activities are those offered by a school, school district, charter school, or county office of education that constitute a fundamental part of education, including, but not limited to, curricular and extracurricular activities.

A pupil fee includes, but is not limited to, all of the following:

1. A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.
2. A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.
3. A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.
4. A pupil fees complaint and/or an LCAP complaint may be filed anonymously if the
5. complaint provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees.

A pupil fee complaint shall be filed no later than one year from the date the alleged violation occurred. The LCAP is an important component of the Local Control Funding Formula (LCFF), the revised school finance system that overhauled how California funds its K-12 schools. Under the LCFF we are required to prepare an LCAP, which describes how we intend to meet annual goals for our pupils, with specific activities to address state and local priorities identified pursuant to Education Code Section 52060(d).

Complaints may be filed with the Superintendent's office or his/her designee. Upon receipt of a complaint, an investigation of the allegation shall be carried out and completed within 60 calendar days by the appropriate administrator. This time period may be extended with written agreement of the complainant. A written statement regarding the investigation shall be provided to the complainant within 60 calendar days from the receipt of the complaint. This statement shall include findings, disposition of complaint, collective actions, and rationale for the disposition.

The complainant shall be advised of his/her right to appeal the local decision of complaints regarding specific programs, Pupil Fees and the Local Control and Accountability Plan (LCAP) to the California Department of Education by filing a written appeal within 15 days of receiving the LEA decision. The complainant will be provided with information regarding the procedures for filing an appeal and the applicable timelines.

Civil law remedies including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to victims of discrimination, harassment, intimidation or bullying laws, if applicable.

The Superintendent/Designee/School Principal upon request will provide a copy of the applicable district complaint policies and procedures free of charge.

Education Amendments of 1972, Title IX; Non-Discrimination: The district has a policy of nondiscrimination on the basis of sex. This policy applies to all students in so far as participation in programs and activities is concerned, with few exceptions such as contact sports, in accordance with federal law.
